The world's favourite face and body paint

It's nice to cuddle up to your favourite toy puppy . . . and sometimes it can be just as much fun to be one!

Using a damp sponge and White paint, apply a base coat to the whole face. Make sure the eyes are kept tightly shut.

With Black paint and the brush, draw on some patches: around one eye, on the chin, cheeks and forehead. Add an eyebrow over one eye. Paint the nose and mouth, and add whiskers.

Using Bright Red paint and the brush, draw on a small tongue hanging out of one corner of the mouth.
